

# CLASSIC (LD-C-50)

WATER-BLOWN LIGHT DENSITY, OPEN-CELL

ICYNENE CLASSIC™ - THE PRODUCT THAT MADE THE ICYNENE NAME SYNONYMOUS WITH SUPERIOR QUALITY, OPEN-CELL LIGHT DENSITY SPRAY FOAM INSULATION.

## PROVEN PERFORMANCE

Icynene Classic™ (LD-C-50®) has been used in thousands of residential and commercial projects since 1986 setting the industry benchmark for quality and innovation. Icynene Classic™ is approved for construction types I - V, offers superior sound control and stable thermal performance for a more comfortable environment.

## A WINNING INVESTMENT

Investing in Icynene Classic™ (LD-C-50®) allows homeowners to experience the superior comfort offered by this insulation and air barrier material as well as the opportunity to save up to 50% on heating and cooling costs. Local property resale listings will often feature Icynene as an important selling feature of the home. Although it is hidden behind walls, ceilings, rim joists and floors, rest assured an Icynene investment is one that pays dividends every month and over the long-term.

## GLOBAL PRODUCT APPROVALS

Icynene products are rigorously tested and verified by various national and international product approval agencies including:

- ICC-ES: International Code Council Evaluation Service (USA)
- CCMC: The Canadian Construction Materials Centre
- BBA: The British Board of Agrément (United Kingdom)
- ATec: Avis Technique (France)
- EEA: European Economic Area **CE**
- VTT: European Technical Approval

## ENVIRONMENTAL LEADERSHIP

- Icynene spray foam insulation products have been evaluated and listed in the NAHB Research Center Green Approved products program.
- Icynene spray foam insulation products have been evaluated and listed in the Collaborative for High Performance Schools program (CHPS).
- By reducing energy consumption and making buildings more sustainable, Icynene is having a positive impact on our planet.

## FULFILLING CHOICES

Icynene offers fulfilling solutions through a portfolio of advanced and responsible building envelope products that anticipate changing design requirements, market conditions and customer needs.

## IDEAL FOR RESIDENTIAL AND COMMERCIAL APPLICATIONS

### INCREASED ENERGY EFFICIENCY

Icynene products give you both insulating R-value and air barrier performance - allowing homeowners to minimize two major sources of heat loss/gain. The result can be a reduction in heating and cooling costs of up to 50%.

### IMPROVED INDOOR AIR QUALITY

Icynene's air-sealing capabilities minimizes the entry of airborne irritants such as allergens, drafts or humidity. Combined with proper mechanical ventilation, Icynene products assist occupants in controlling the quality of the indoor air that they breathe.

### CONTRIBUTION TO LEED POINTS

Icynene spray foam insulation solutions are vital contributors towards a home or building obtaining critical LEED (Leadership in Energy and Environmental Design) points.
